SUMMARY OF REGULATORY ACTIONS

Regulations filed with the Secretary of State 76

Sections Filed, August 7, 2013 to January 8, 2014 79

The *California Regulatory Notice Register* is an official state publication of the Office of Administrative Law containing notices of proposed regulatory actions by state regulatory agencies to adopt, amend or repeal regulations contained in the California Code of Regulations. The effective period of a notice of proposed regulatory action by a state agency in the *California Regulatory Notice Register* shall not exceed one year [Government Code § 11346.4(b)]. It is suggested, therefore, that issues of the *California Regulatory Notice Register* be retained for a minimum of 18 months.

CALIFORNIA REGULATORY NOTICE REGISTER (USPS 002–931), (ISSN 1041-2654) is published weekly by the Office of Administrative Law, 300 Capitol Mall, Suite 1250, Sacramento, CA 95814-4339. The Register is printed by Barclays, a subsidiary of West, a Thomson Reuters Business, and is offered by subscription for \$205.00 (annual price). To order or make changes to current subscriptions, please call (800) 888-3600. “Periodicals Postage Paid in Saint Paul, MN.” **POSTMASTER:** Send address changes to the: CALIFORNIA REGULATORY NOTICE REGISTER, Barclays, a subsidiary of West, a Thomson Reuters Business, P.O. Box 2006, San Francisco, CA 94126. The Register can also be accessed at <http://www.oal.ca.gov>.

PROPOSED ACTION ON REGULATIONS

Information contained in this document is published as received from agencies and is not edited by Thomson Reuters.

TITLE 2. FAIR POLITICAL PRACTICES COMMISSION

NOTICE IS HEREBY GIVEN that the Fair Political Practices Commission (Commission), pursuant to the authority vested in it by Sections 82011, 87303, and 87304 of the Government Code to review proposed conflict-of-interest codes, will review the proposed/amended conflict-of-interest codes of the following:

CONFLICT-OF-INTEREST CODES

AMENDMENT

MULTI-COUNTY: Monterey Bay Unified Air Pollution Control District

A written comment period has been established commencing on **January 17, 2014** and closing on **March 3, 2014**. Written comments should be directed to the Fair Political Practices Commission, Attention Cyndi Glaser, 428 J Street, Suite 620, Sacramento, California 95814.

At the end of the 45-day comment period, the proposed conflict-of-interest code(s) will be submitted to the Commission's Executive Director for her review, unless any interested person or his/her duly authorized representative requests, no later than 15 days prior to the close of the written comment period, a public hearing before the full Commission. If a public hearing is requested, the proposed code(s) will be submitted to the Commission for review.

The Executive Director of the Commission will review the above-referenced conflict-of-interest code(s), proposed pursuant to Government Code Section 87300, which designate, pursuant to Government Code Section 87302, employees who must disclose certain investments, interests in real property and income.

The Executive Director of the Commission, upon her or its own motion or at the request of any interested person, will approve, or revise and approve, or return the proposed code(s) to the agency for revision and re-submission within 60 days without further notice.

Any interested person may present statements, arguments or comments, in writing to the Executive Direc-

tor of the Commission, relative to review of the proposed conflict-of-interest code(s). Any written comments must be received no later than **March 3, 2014**. If a public hearing is to be held, oral comments may be presented to the Commission at the hearing.

COST TO LOCAL AGENCIES

There shall be no reimbursement for any new or increased costs to local government which may result from compliance with these codes because these are not new programs mandated on local agencies by the codes since the requirements described herein were mandated by the Political Reform Act of 1974. Therefore, they are not "costs mandated by the state" as defined in Government Code Section 17514.

EFFECT ON HOUSING COSTS AND BUSINESSES

Compliance with the codes has no potential effect on housing costs or on private persons, businesses or small businesses.

AUTHORITY

Government Code Sections 82011, 87303 and 87304 provide that the Fair Political Practices Commission as the code-reviewing body for the above conflict-of-interest codes shall approve codes as submitted, revise the proposed code and approve it as revised, or return the proposed code for revision and re-submission.

REFERENCE

Government Code Sections 87300 and 87306 provide that agencies shall adopt and promulgate conflict-of-interest codes pursuant to the Political Reform Act and amend their codes when change is necessitated by changed circumstances.

CONTACT

Any inquiries concerning the proposed conflict-of-interest code(s) should be made to Cyndi Glaser, Fair Political Practices Commission, 428 J Street, Suite 620, Sacramento, California 95814, telephone (916) 322-5660.

AVAILABILITY OF PROPOSED CONFLICT-OF-INTEREST CODES

Copies of the proposed conflict-of-interest codes may be obtained from the Commission offices or the re-

spective agency. Requests for copies from the Commission should be made to Cyndi Glaser, Fair Political Practices Commission, 428 J Street, Suite 620, Sacramento, California 95814, telephone (916) 322-5660.

TITLE 14. FISH AND GAME COMMISSION

NOTICE IS HEREBY GIVEN that the Fish and Game Commission (Commission), pursuant to the authority vested by sections 200, 202, 205, 220, 240, 316.5 and 2084 of the Fish and Game Code and to implement, interpret or make specific sections 200, 202, 205, 316.5 and 2084 of said Code, proposes to amend subsections (c) and (e) of Section 27.80, Title 14, California Code of Regulations, relating to April 2014 sport fishing regulations for ocean salmon and possession limit for ocean salmon.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

The Pacific Fishery Management Council (PFMC) coordinates west coast management of recreational and commercial ocean salmon fisheries in the federal fishery management zone (three to 200 miles offshore) along the coasts of Washington, Oregon and California. The annual PFMC ocean salmon regulation recommendations are subsequently implemented by the National Marine Fisheries Service (NMFS) effective on May 1 of each year.

California's recreational salmon fishing regulations need to conform to the federal regulations to achieve optimum yield in California under the Federal Salmon Fishery Management Plan. The Commission adopts regulations for the ocean salmon recreational fishery in State waters (zero to three miles offshore) which are consistent with these federal fishery management goals.

Present Regulations

Current regulations authorized ocean salmon recreational fishing seven days per week north of Horse Mountain including Humboldt Bay from May 1 to September 8, 2013. Between Horse Mountain and Point Arena, ocean salmon recreational fishing was authorized seven days per week from April 6 to November 10, 2013. Between Point Arena and Pigeon Point, ocean salmon recreational fishing was authorized seven days per week from April 6 to November 10, 2013, except during June 1 through July 9, 2013 when salmon fishing was closed on Mondays and Tuesdays. Areas south of Pigeon Point had an ocean salmon recreational fishing season seven days per week from April 6 to October 6, 2013, except during June 1 through July 9, 2013 when

salmon fishing was closed on Mondays and Tuesdays. For all areas in 2013, the bag limit was two fish per day (all species except coho). Areas north of Point Arena had a minimum size limit of 20 inches total length. The area between Point Arena and Pigeon Point had a minimum size limit of 24 inches total length through July 31, 2013 and 20 inches total length thereafter. Areas south of Pigeon Point had a minimum size limit of 24 inches total length. Current regulations also provide that not more than one daily bag limit of recreationally taken ocean salmon may be possessed.

On May 1, 2013, NMFS implemented the 2013 federal ocean salmon regulations, which included the PFMC's recommendation to open the California ocean salmon recreational fishing season south of Horse Mountain on April 5, 2014. While federal waters south of Horse Mountain will open on April 5, 2014, State waters in this area will not open unless the Commission takes regulatory action to do so.

Proposed Regulations

Two separate Commission actions are necessary to conform the State regulations to federal rules that will apply in 2014. The current proposed regulation would amend subsection 27.80(c), establishing salmon fishing regulations for the month of April 2014, and add a new subsection 27.80(e), increasing the recreational salmon possession limit on land to two daily bag limits. In addition, recreational salmon fishing regulations for May 1 through the end of 2014 will be considered in a separate rulemaking action, tentatively scheduled for adoption in April 2014.

For public notice purposes to facilitate Commission discussion, the Department of Fish and Wildlife is proposing the following regulations to encompass the range of federal ocean salmon regulations that are expected to be in effect April 5 through April 30, 2014. This approach will allow the Commission to adopt State ocean salmon recreational fishing regulations to conform to those in effect in federal ocean waters.

- (1) North of Horse Mountain and in Humboldt Bay: The fishery shall remain closed in this area during April. The remainder of the 2014 season will be decided in April by the PFMC and Commission and the section will be amended pursuant to the regulatory process.
- (2) South of Horse Mountain: The season, if any, may open on a date within the range of April 5 through April 30, 2014. The proposed daily bag limit will be from zero to two fish, and the proposed minimum size will be from 20 to 26 inches total length. The exact opening dates, along with daily bag limit, minimum size, and days of the week open may be different for each subarea and will be determined by the Commission, considering

federal regulations applicable to each subarea for April 2014.

In addition, the proposed regulation will provide an ocean salmon possession limit of up to two daily bag limits when on land. However, on a vessel in ocean waters, the boat limit for salmon shall be determined by the single daily bag limit and the number of anglers pursuant to subsection 27.60(c), Title 14, CCR. In the regulatory subsections for each subarea, reference to the general possession limit (Section 1.17) will be replaced with a reference to new subsection 27.80(e) which will specify the possession limit. The exact possession limits will be determined by the Commission, considering the federal regulations applicable to each subarea.

Other changes are proposed to clarify the existing regulations.

The benefits of the proposed regulations are concurrence with federal law, sustainable management of ocean salmon resources, and promotion of businesses that rely on recreational ocean salmon fishing.

The proposed regulations are neither inconsistent nor incompatible with existing State regulations. The legislature has delegated authority to the Commission to adopt sport fishing regulations in general (sections 200, 202 and 205, Fish and Game Code) and salmon sport fishing regulations specifically (Section 316.5, Fish and Game Code). The proposed regulations are consistent with regulations for sport fishing in marine protected areas (Section 632, Title 14, CCR) and with general sport fishing regulations in chapters 1 and 4 of subdivision 1 of Division 1, Title 14, CCR. Commission staff has searched the California Code of Regulations and has found no other State regulations related to the recreational take of salmon in the ocean.

NOTICE IS GIVEN that any person interested may present statements, orally or in writing, relevant to this action at a hearing to be held in the Resources Building, First Floor Auditorium, 1416 Ninth Street, Sacramento, California, on Wednesday, February 5, 2014, at 8:00 a.m., or as soon thereafter as the matter may be heard.

NOTICE IS ALSO GIVEN that any person interested may present statements, orally or in writing, relevant to this action at a hearing to be held in the Justice Joseph Rattigan Building, 50 D Street, Room 410 A/B, Santa Rosa, California, on Wednesday, March 19, 2014, at 8:00 a.m., or as soon thereafter as the matter may be heard. Written comments may be submitted at the address given below, or by fax at (916) 653-5040, or by e-mail to FGC@fgc.ca.gov. Written comments mailed, faxed or e-mailed to the Commission office must be received before 5:00 p.m. on March 14, 2014. All comments must be received no later than March 19, 2014, at the hearing in Santa Rosa, California. If you would like

copies of any modifications to this proposal, please include your name and mailing address.

The regulations as proposed in ~~strikeout~~–underline format, as well as an initial statement of reasons, including environmental considerations and all information upon which the proposal is based (rulemaking file), are on file and available for public review from the agency representative, Sonke Mastrup, Executive Director, Fish and Game Commission, 1416 Ninth Street, Box 944209, Sacramento, California 94244-2090, phone (916) 653-4899. Please direct requests for the above-mentioned documents and inquiries concerning the regulatory process to Sonke Mastrup or Sherrie Fonbuena at the preceding address or phone number. **Dr. Craig Shuman, Regional Manager of the Marine Region, Department of Fish and Wildlife, phone (805) 568-1246, has been designated to respond to questions on the substance of the proposed regulations.** Copies of the Initial Statement of Reasons, including the regulatory language, may be obtained from the address above. Notice of the proposed action shall be posted on the Fish and Game Commission website at <http://www.fgc.ca.gov>.

Availability of Modified Text

If the regulations adopted by the Commission differ from but are sufficiently related to the action proposed, they will be available to the public for at least 15 days prior to the date of adoption. Circumstances beyond the control of the Commission (e.g., timing of Federal regulation adoption, timing of resource data collection, timelines do not allow, etc.) or changes made to be responsive to public recommendation and comments during the regulatory process may preclude full compliance with the 15-day comment period, and the Commission will exercise its powers under Section 202 of the Fish and Game Code. Regulations adopted pursuant to this section are not subject to the time periods for adoption, amendment or repeal of regulations prescribed in Sections 11343.4, 11346.4 and 11346.8 of the Government Code. Any person interested may obtain a copy of said regulations prior to the date of adoption by contacting the agency representative named herein.

If the regulatory proposal is adopted, the final statement of reasons may be obtained from the address above when it has been received from the agency program staff.

Impact of Regulatory Action/Results of the Economic Impact Analysis

The potential for significant statewide adverse economic impacts that might result from the proposed regulatory action has been assessed, and the following ini-

tial determinations relative to the required statutory categories have been made:

- (a) Significant Statewide Adverse Economic Impact Directly Affecting Business, Including the Ability of California Businesses to Compete with Businesses in Other States:

The proposed action will not have a significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states. Status quo fishing levels for April 2014 as compared the 2013 April ocean salmon sport fishing season are anticipated.

- (b) Impact on the Creation or Elimination of Jobs Within the State, the Creation of New Businesses or the Elimination of Existing Businesses, or the Expansion of Businesses in California; Benefits of the Regulation to the Health and Welfare of California Residents, Worker Safety, and the State's Environment:

The Commission does not anticipate that the proposed regulations will have any impact on the creation or elimination of jobs, the creation or elimination of businesses or the expansion of businesses in California.

The Commission anticipates benefits to the health and welfare of California residents. Salmon sport fishing contributes to increased mental health of its practitioners, provides opportunities for multi-generational family activities and promotes respect for California's environment by the future stewards of California's natural resources.

The Commission anticipates benefits to the State's environment in the sustainable management of salmon resources.

Additional benefits of the proposed regulations are concurrence with federal law, and promotion of businesses that rely on recreational ocean salmon fishing. The Commission does not anticipate benefits to worker safety.

- (c) Cost Impacts on a Representative Private Person or Business: The Commission is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.
- (d) Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State: None.
- (e) Nondiscretionary Costs/Savings to Local Agencies: None.
- (f) Programs Mandated on Local Agencies or School Districts: None.

- (g) Costs Imposed on any Local Agency or School District that are Required to be Reimbursed Under Part 7 (commencing with Section 17500) of Division 4, Government Code: None.

- (h) Effect on Housing Costs: None.

Effect on Small Business

It has been determined that the adoption of these regulations may affect small business. The Commission has drafted the regulations in plain English pursuant to Government Code sections 11342.580 and 11346.2(a)(1).

Consideration of Alternatives

The Commission must determine that no reasonable alternative considered by the Commission, or that has otherwise been identified and brought to the attention of the Commission, would be more effective in carrying out the purpose for which the action is proposed, would be as effective and less burdensome to affected private persons than the proposed action, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

TITLE 14. FISH AND GAME COMMISSION

NOTICE IS HEREBY GIVEN that the Fish and Game Commission (Commission), pursuant to the authority vested by sections 200, 202, 205, 220, 240, 316.5 and 2084 of the Fish and Game Code and to implement, interpret or make specific sections 200, 202, 205, 316.5 and 2084 of said Code, proposes to amend subsection (d) of Section 27.80, Title 14, California Code of Regulations, relating to ocean salmon sport fishing on and after May 1, 2014.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

The Pacific Fishery Management Council (PFMC) coordinates west coast management of recreational and commercial ocean salmon fisheries in the federal fishery management zone (three to 200 miles offshore) off Washington, Oregon and California. The annual PFMC ocean salmon regulation recommendations are subsequently implemented by the National Marine Fisheries Service (NMFS) effective on May 1 of each year.

California's recreational salmon fishing regulations need to conform to the federal regulations to achieve optimum yield in California under the Federal Salmon Fishery Management Plan. The Commission proposes to adopt regulations for the ocean salmon recreational fishery in State waters (zero to three miles offshore) which are consistent with these federal fishery management goals.

Present Regulations

Current regulations authorized ocean salmon recreational fishing seven days per week north of Horse Mountain including Humboldt Bay from May 1 to September 8, 2013. Between Horse Mountain and Point Arena, ocean salmon recreational fishing was authorized seven days per week from April 6 to November 10, 2013. Between Point Arena and Pigeon Point, ocean salmon recreational fishing was authorized seven days per week from April 6 to November 10, 2013, except during June 1 through July 9, 2013 when salmon fishing was closed on Mondays and Tuesdays. Areas south of Pigeon Point had an ocean salmon recreational fishing season seven days per week from April 6 to October 6, 2013, except during June 1 through July 9, 2013 when salmon fishing was closed on Mondays and Tuesdays. For all areas in 2013, the bag limit was two fish per day (all species except coho). Areas north of Point Arena had a minimum size limit of 20 inches total length. The area between Point Arena and Pigeon Point had a minimum size limit of 24 inches total length through July 31, 2013 and 20 inches total length thereafter. Areas south of Pigeon Point had a minimum size limit of 24 inches total length. Current regulations also provide that not more than one daily bag limit of recreationally taken ocean salmon may be possessed.

Proposed Regulations

Two separate Commission actions are necessary to conform the State regulations to federal rules that will apply in 2014. This proposed regulation would amend subsection 27.80(d), establishing salmon fishing regulations for May 1 through the end of 2014. Recreational salmon fishing regulations for the month of April 2014 will be considered in a separate rulemaking action, tentatively scheduled for adoption in March 2014.

For public notice purposes and to facilitate Commission discussion, the Department of Fish and Wildlife is proposing the following regulations to encompass the range of options for federal ocean salmon regulations that are expected to be in effect on or after May 1, 2014. This approach will allow the Commission to adopt State ocean salmon recreational fishing regulations to conform to those in effect in federal ocean waters.

- (1) North of Horse Mountain and in Humboldt Bay: The season, if any, may occur within the range of May 1 through September 30, 2014.
- (2) Between Horse Mountain and Pigeon Point: The season, if any, may occur within the range of May 1 to November 9, 2014.
- (3) South of Pigeon Point: The season, if any, may occur within the range of May 1 to October 5, 2014.

- (4) For all areas, the proposed daily bag limit will be from zero to two fish, and the proposed minimum size will be from 20 to 26 inches total length.

The exact opening and closing dates, along with daily bag limit, minimum size, and days of the week open will be determined in April by the Commission considering federal regulations and may be different for each subarea.

In the regulatory subsections for each subarea, reference to the general possession limit (Section 1.17) will be replaced with a reference to new subsection 27.80(e) which will specify the possession limit.

In addition, text is proposed to be added to subsection 27.80(d)(1)(A) to provide latitude and longitude coordinates for the closures listed in Section 27.75, Title 14, CCR.

Other changes are proposed for clarity and consistency.

The benefits of the proposed regulations are concurrence with federal law, sustainable management of ocean salmon resources, and promotion of businesses that rely on recreational ocean salmon fishing.

The proposed regulations are neither inconsistent nor incompatible with existing State regulations. The legislature has delegated authority to the Commission to adopt sport fishing regulations in general (sections 200, 202 and 205, Fish and Game Code) and salmon sport fishing regulations specifically (Section 316.5, Fish and Game Code). The proposed regulations are consistent with regulations for sport fishing in marine protected areas (Section 632, Title 14, CCR) and with general sport fishing regulations in chapters 1 and 4 of subdivision 1 of Division 1, Title 14, CCR. Commission staff has searched the California Code of Regulations and has found no other State regulations related to the recreational take of salmon in the ocean.

NOTICE IS GIVEN that any person interested may present statements, orally or in writing, relevant to this action at a hearing to be held in the Resources Building, First Floor Auditorium, 1416 Ninth Street, Sacramento, California, on Wednesday, February 5, 2014, at 8:00 a.m., or as soon thereafter as the matter may be heard.

NOTICE IS ALSO GIVEN that any person interested may present statements, orally or in writing, relevant to this action at a hearing to be held at the Crowne Plaza Ventura Beach Hotel, 450 E. Harbor Blvd., Ventura, California, on Wednesday, April 16, 2014, at 8:00 a.m., or as soon thereafter as the matter may be heard. Written comments may be submitted at the address given below, or by fax at (916) 653-5040, or by e-mail to FGC@fgc.ca.gov. Written comments mailed, faxed or e-mailed to the Commission office must be received before 5:00 p.m. on April 11, 2014. All comments must

be received no later than April 16, 2014, at the hearing in Ventura, California. If you would like copies of any modifications to this proposal, please include your name and mailing address.

The regulations as proposed in ~~strikeout~~–underline format, as well as an initial statement of reasons, including environmental considerations and all information upon which the proposal is based (rulemaking file), are on file and available for public review from the agency representative, Sonke Mastrup, Executive Director, Fish and Game Commission, 1416 Ninth Street, Box 944209, Sacramento, California 94244–2090, phone (916) 653–4899. Please direct requests for the above–mentioned documents and inquiries concerning the regulatory process to Sonke Mastrup or Sherrie Fonbuena at the preceding address or phone number. **Dr. Craig Shuman, Regional Manager of the Marine Region, Department of Fish and Wildlife, phone (805) 568–1246, has been designated to respond to questions on the substance of the proposed regulations.** Copies of the Initial Statement of Reasons, including the regulatory language, may be obtained from the address above. Notice of the proposed action shall be posted on the Fish and Game Commission website at <http://www.fgc.ca.gov>.

Availability of Modified Text

If the regulations adopted by the Commission differ from but are sufficiently related to the action proposed, they will be available to the public for at least 15 days prior to the date of adoption. Circumstances beyond the control of the Commission (e.g., timing of Federal regulation adoption, timing of resource data collection, timelines do not allow, etc.) or changes made to be responsive to public recommendation and comments during the regulatory process may preclude full compliance with the 15–day comment period, and the Commission will exercise its powers under Section 202 of the Fish and Game Code. Regulations adopted pursuant to this section are not subject to the time periods for adoption, amendment or repeal of regulations prescribed in Sections 11343.4, 11346.4 and 11346.8 of the Government Code. Any person interested may obtain a copy of said regulations prior to the date of adoption by contacting the agency representative named herein.

If the regulatory proposal is adopted, the final statement of reasons may be obtained from the address above when it has been received from the agency program staff.

Impact of Regulatory Action/Results of the Economic Impact Analysis

The potential for significant statewide adverse economic impacts that might result from the proposed reg-

ulatory action has been assessed, and the following initial determinations relative to the required statutory categories have been made:

- (a) Significant Statewide Adverse Economic Impact Directly Affecting Business, Including the Ability of California Businesses to Compete with Businesses in Other States:

For the purpose of evaluating potential economic impacts of the 2014 ocean salmon regulations, the Commission analyzed possible reductions in ocean salmon recreational effort ranging from zero (no change) to ten percent. Within this range (zero, five–percent, or ten–percent reduction in the fishery), the proposed action will not have a significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states. Moreover, the proposed changes ensure the continued preservation of the resource and therefore the prevention of long–term adverse economic impacts, and minimal short–term impacts.

Using the 2012 salmon season as a base year for comparison, the ocean salmon recreational fishery generated an estimated \$24 million (2012 dollars) in total economic output to the State. A ten–percent reduction in the fishery would amount to, at most, a \$2.4 million reduction in total economic output for the State, relative to the 2012 season. As a general rule, for every 5,000 salmon harvested in the ocean recreational fishery, there is approximately \$1 million in potential total economic contribution to the State.

- (b) Impact on the Creation or Elimination of Jobs Within the State, the Creation of New Businesses or the Elimination of Existing Businesses, or the Expansion of Businesses in California; Benefits of the Regulation to the Health and Welfare of California Residents, Worker Safety, and the State’s Environment:

Using the 2012 salmon season as a base year for comparison, the California ocean salmon recreational fishery supports an estimated 180 jobs in the State. A ten–percent reduction in the fishery for the 2014 season would amount to, at most, a reduction of 18 jobs for the State, relative to the 2012 season. Generally, for every 5,000 salmon harvested in the ocean recreational fishery, there are approximately 7.3 jobs supported in the State.

The Commission does not anticipate any impacts on the creation of jobs in California.

A ten-percent reduction in the fishery may affect the creation or elimination of businesses in the State in some localized areas that lack industry diversification and have a heavy reliance on recreational fishing and tourism. Many ocean fishing port businesses offer alternative, substitute, fishing resources and activities for salmon anglers.

The Commission does not anticipate any impacts on the expansion of businesses in California.

The Commission anticipates benefits to the health and welfare of California residents. Providing opportunities for an ocean salmon sport fishery encourages consumption of a nutritious food.

The Commission anticipates benefits to the environment by the sustainable management of California's ocean salmon resources.

Additional benefits of the proposed regulations are concurrence with federal law, and promotion of businesses that rely on recreational ocean salmon fishing.

The Commission does not anticipate any benefits to worker safety.

(c) Cost Impacts on a Representative Private Person or Business:

The Commission is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

(d) Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State: None.

(e) Nondiscretionary Costs/Savings to Local Agencies: None.

(f) Programs Mandated on Local Agencies or School Districts: None.

(g) Costs Imposed on any Local Agency or School District that are Required to be Reimbursed Under Part 7 (commencing with Section 17500) of Division 4, Government Code: None.

(h) Effect on Housing Costs: None.

Effect on Small Business

It has been determined that the adoption of these regulations may affect small business. The Commission has drafted the regulations in plain English pursuant to Government Code sections 11342.580 and 11346.2(a)(1).

Consideration of Alternatives

The Commission must determine that no reasonable alternative considered by the Commission, or that has otherwise been identified and brought to the attention of the Commission, would be more effective in carrying

out the purpose for which the action is proposed, would be as effective and less burdensome to affected private persons than the proposed action, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

GENERAL PUBLIC INTEREST

DEPARTMENT OF FISH AND WILDLIFE

**CESA CONSISTENCY DETERMINATION
REQUEST FOR**

Green Diamond Resource Company — Northern
Spotted Owl HCP
(2080–2013–010–01)
Del Norte, Humboldt, Mendocino, and
Trinity Counties

The California Department of Fish and Wildlife (CDFW) received a notice on December 31, 2013, that Green Diamond Resource Company (GDRC) proposes to rely on a consultation with the U.S. Fish and Wildlife Service (Service) to carry out a project that may adversely affect a species protected by the California Endangered Species Act (CESA). The proposed action involves harvesting and transporting timber, timber stand regeneration and improvement, road and landing construction/reconstruction and maintenance, and monitoring and research activities. The proposed project will occur on all commercial timberland acreage where GDRC owns lands or harvesting rights in Del Norte, Humboldt, Mendocino, and Trinity counties.

The Service issued an intra-service federal biological opinion (Service File No. PRT767798)(BO) and incidental take permit (ITP) on September 17, 1992, for the Project pursuant to section 10(a)(1)(B) of the federal Endangered Species Act. The ITP required full implementation of, and compliance with, all conservation measures listed in the northern spotted owl (NSO) Habitat Conservation Plan (HCP) for avoidance, minimization, and mitigation for impacts to NSO, as well as compliance with the terms and conditions in the associated Implementing Agreement (IA). On August 24, 2006, the GDRC submitted an application to the Service for an amended ITP for their 1992 NSO HCP, IA, and ITP. The Service issued an amended biological opinion and incidental take statement (ITS) on November 26, 2007, which considered the effects of the project on the state candidate and federally threatened northern spotted owl (*Strix occidentaliscaurina*).

Pursuant to California Fish and Game Code section 2080.1, GDRC is requesting a determination that the BO and ITS, which requires implementation of and compliance with the BO and its related ITS, IA and HCP, is consistent with CESA for purposes of the Project. If CDFW determines the BO and ITS are consistent with CESA for the proposed project, GDRC will not be required to obtain an incidental take permit under Fish and Game Code section 2081 for the project.

DEPARTMENT OF FISH AND WILDLIFE

PROPOSED CAPTURE AND RELEASE OF FULLY PROTECTED SPECIES

The California Department of Fish and Wildlife (“Department”) received an application from Dr. Maria J. Ellis of Spring Rivers Ecological Sciences, LLC requesting authorization to conduct aquatic surveys that involve the capturing and handling of rough sculpin (*Coitus asperimus*), a Fully Protected Fish, for research purposes consistent with the protection and recovery of the species.

The applicant is required to have a Fully Protected Species Memorandum of Understanding (FPSMOU) to take protected species of fish. Permit conditions also require that the holder of a State research MOU obtain special authorization from the Department for research on Fully Protected Species. The applicant has the required State MOU for freshwater fish and invertebrate surveys in the project area and has applied for a Fully Protected Species Memorandum of Understanding to permit her to collect the rough sculpin, a Fully Protected Species, in addition to the work outlined in the standard State research MOU already issued.

Many of Spring Rivers Ecological Sciences LLC’s aquatic research and restoration projects in northeastern Shasta County occur within the range of the rough sculpin (*Coitus asperimus*). The primary activities that can bring Spring Rivers personnel in contact with rough sculpin include, but are not limited to, fish monitoring and pre-construction rescue work within Pacific Gas and Electric Company’s Pit 1, Hat Creek, and Pit 3, 4, and 5 Hydroelectric Project areas; as well as surveys, restoration, and recovery work for the federally and state-listed endangered Shasta crayfish (*Pacifastacus fortis*). During rescue, survey, research, and restoration activities, Spring Rivers biologists may encounter and inadvertently collect or catch rough sculpin, which will be released unharmed as soon as possible.

When captured during surveys for other species or restoration activities, data on the captured rough scul-

pin will be collected to further knowledge of the species. This data will build on the field data collections of Dr. Robert Daniels and Dr. Peter Moyle in 1974, Dr. Robert Daniels in 1977–1978, and Dr. Larry Brown in 1984–1986. Data collection will include total length, habitat type, substrate, water temperature, water depth, number of individuals, and other possible observations. A better understanding of rough sculpin microdistribution and habitat associations will aid future habitat restoration projects, such as the Hat Creek Wild Trout Area. This baseline knowledge could make various project phases (e.g., permit application and on-site activities) easier to approve and implement. These data will be provided to the California Department of Fish and Wildlife so it can be entered into the California Natural Diversity Database.

Only experienced personnel that are listed as authorized personnel under the standard State research MOU will perform the aforementioned work. The Department intends to issue, under specified conditions, a Fully Protected Species MOU that would authorize the applicant and authorized personnel to carry out the proposed activities. Detailed prescriptions for sampling and handling the rough sculpin are included in the applicant’s Fully Protected Species MOU. Additional locations and/or methods may be authorized by the Department for future projects.

Pursuant to California Fish and Game Code (FGC) Section 5515(a)(1), the Department may authorize take of Fully Protected Fish after 30 days’ notice has been provided to affected and interested parties through publication of this notice. If the Department determines that the applicant’s request for a MOU is consistent with the requirements of FGC Section 5515 for take of Fully Protected Fish, it would issue the authorization on or after March 3, 2014 for an initial term of five years. Because the applicant’s State research MOU permit expires on March 26, 2014, the validity of the Fully Protected Species MOU after March 26, 2014, is contingent upon successful renewal of the applicant’s State research MOU permit.

Contact: Fisheries Branch, Nongame Native Fish Program, 830 S Street, Sacramento, CA 95811, Attn.: Daniel Kratville.

SUMMARY OF REGULATORY ACTIONS

REGULATIONS FILED WITH SECRETARY OF STATE

This Summary of Regulatory Actions lists regulations filed with the Secretary of State on the dates indi-

cated. Copies of the regulations may be obtained by contacting the agency or from the Secretary of State, Archives, 1020 O Street, Sacramento, CA 95814, (916) 653-7715. Please have the agency name and the date filed (see below) when making a request.

BOARD OF OPTOMETRY
 Retired Status Fees

This rulemaking by the Board of Optometry amends section 1524 of Title 16 of the California Code of Regulations and implements SB 1215 to add three fees relating to retired status to the schedule of fees. Business and Professions Code sections 3151 and 3151.1 require the Board to issue retired status licenses and retired status licenses with volunteer status, and section 3152 authorizes the Board to establish fees for such licenses and their renewal.

CALIFORNIA ENERGY COMMISSION
 Geothermal Grant and Loan Program

The California Energy Commission is amending 6 sections and an appendix in Title 20 of the California Code of Regulations. The purpose of the amendments is to simplify the application and review process for the Geothermal Grant and Loan Program. Previously it required a pre-application and an application. They have reduced that to one application. They have also simplified the process involved in the awarding of grants or loans. The rulemaking also establishes how private entity applicants can demonstrate compliance with statutory requirements. Additionally there are amendments made to update provisions to reflect changes made to the relevant statutes.

DENTAL BOARD OF CALIFORNIA
 Uniform Standards for Substance-Abusing Licensee

This rulemaking action implements Senate Bill 1441, Chapter 548, Statutes of 2008, by adopting Uniform Standards Related to Substance-Abusing Licensees

with Standard Language for Probationary Orders. These standards will be used by Administrative Law Judges in licensee disciplinary proceedings after a licensee has been determined to be abusing substances. The standards relate to: notification of the employer, supervised practice, drug and alcohol testing, abstention from alcohol and drug use, facilitated support group meetings, clinical diagnostic evaluations, and drug/alcohol abuse treatment programs.

DEPARTMENT OF BUSINESS OVERSIGHT
 AB 1424 Franchise Tax Board: Delinquent Tax Debt

The Department of Business Oversight (Department) amended regulations and forms printed in title 10 of the California Code of Regulations, primarily to update notices required by state and federal law to be made to individuals and business entities applying for licensure or licensed under the Department about the use of social security numbers and federal employer identification numbers for purposes of AB 1424 (Stats. 2011, c. 455).

DEPARTMENT OF CORRECTIONS AND REHABILITATION
 Various Non-Regulatory Changes

This filing amends several sections as a change without regulatory effect. Most of the changes reflect the change in the Department's name and the name of the Department's divisions as a result of the Governor's Reorganization Plan of 2005, as well as illustrating the new name for some other state agencies due to more recent legislation.

DEPARTMENT OF CORRECTIONS AND REHABILITATION**Inmate Personal Property**

The California Department of Corrections and Rehabilitation (CDCR) amended sections 3044, 3190, and 3315 in Title 15 of the California Code of Regulations. This emergency regulatory action submitted to the Office of Administrative Law (OAL) pursuant to Penal Code section 5058.3 as operationally necessary, amends the personal property regulations and incorporates by reference a slightly modified version of the authorized personal property schedules (APPS). The amendments reorganize the APPS away from the mission-based model to one that is based on an inmate's security level and privilege group. The revised APPS clarifies allowable property of an inmate of a specific privilege group and security level regardless of which mission-based region where they are housed. This ensures that similarly situated inmates do not have a large variance of restrictions on otherwise authorized personal property items.

FRANCHISE TAX BOARD**Intercompany Transactions**

This regulatory action by the Franchise Tax Board amends CCR Title 18, Section 25106.5-1, to bring it to conformity with the most recent version of Treasury Regulation section 1.1502-13, to provide guidance with respect to the treatment of a Deferred Intercompany Stock Account (DISA) in circumstances involving

mergers, subsequent capital contributions, intercompany transfers of stock, tiered excess distributions, and DISA reporting requirements. The amendments also clarify the definition of "treatment as a separate entity" as well as the simplifying rules for the proper apportionment treatment of intercompany transactions. They further add "redemption" as an occurrence that would trigger a DISA and they address the effective date of the above-mentioned amendments.
